The Adsteam-Lidums International Chess Tournament News Update

The tournament incorporates the Australian Open Chess Championship and is the final event in SA's official Jubilee 150 celebrations. It will be tremendous!

The Adsteam-Lidums International will be the strongest and most prestigious chost tournament ever to be staged in this country. We have had many enquires from Grandmasters throughout the world and those LOBRON, SAX, MEDNIS, KNEZEVIC, DJURIC, TORRE AS WALL AS ALL HAVES FROM HOLD IN THE STRONG F

Its success depends largely on YOU!

Come along and rub shoulders with some of the world's finest players in one of the most pleasant cities in Australia. Adelaide is renowned for its hospitality and you may get to meet (and beat?) a GrandMaster over the board. The tournament will be an eleven round Swiss using the new FIDE recommended 8 hour time emitted will virtually eliminate any adjourned games and will give you a worlderful appertunity to enjoy Adelaide nightlife!

First prize for the event is \$5000 and there are \$3000 worth of haling Prizes. The total prize pool exceeds \$20,0001

The entry fee is \$75 or \$50 for pensioners, students, juntors and the unemployed. Accommodation can be arranged. Official entry forms are available new and if you would like one sent directly to you, please apply to Evelyn Koshnitsky 139 Fisher St. Malvern SA 5001 Ph. (00) 271 8000.

Start preparing for the tournament now and we hope to see you in Adelaide at Christmas time - you will be very welcome!

HABURII FULLER 1986 MENS OLYMPIAD CAPTAIN, NSW CHAMPION FIDE HASTER, BRITISH HASTEL, AUSTRALIAN MASTER, NATIONAL MASTER PHOTO LY DAVID SALTER

Registered by Australia Post Publication No. NBH 0051.

My first round game was a bad start to the tournament as it was delayed for 2 hours. However, I was lucky to draw against India - the first of 6 draws! (The other draws were to Venequela, Bolivia, Argentina, Argentina and Columbia). Unfortunately, my only "win" was to Indonesia on forfeit ! - and my four losses were to France, Chile, Brazil Austria. It was particularly annoving that 3 of my losses were from better positions! Anyway, I finished 14th and

although I wasn't happy with my play, the tournament was an invaluable experience.

People were very friendly and supportive - both the Spanish and Paraguayan seconds offered to help me with adjournments should I need it!It was also great to meet people such as GM's Najdorf (who opened the tournament), Rosetta, Panno, Joel Benjamin and the Polgars!

In short the whole experience (the chess, meeting people from many different countries and seeing a different country) was overwhelming and I feel very lucky to have been able to participate in such an event.

Final placing are:

1st Aladjova (Bulg) 9.5 (won on countback); 2nd Kahiani (USSR) 9.5; 3rd J. Polgar ([10 years] Hung) 9; 4th Bojkovic (Yug) 7.5; 5th Villegas (Arg) 6.5; 6th Kientzler (Fra) 6.5.

With the help of many people and organisations who donated money and put a lot of effort into various fund-raising activities, I managed to raise close to \$2000 which covered a large part of my airfares.

Thanks are due to the following organisations: ACF (who paid my entry fee), A WCL, QWCL, NSWJCL and to all of the individuals whose generous support made it possible to go.

This is my game against Isolina Majul (Col) - a 12 year old who's going to Dubai!

The Olympiad Appeal has been successful. The Federal Government grant of \$8500 plus the appeal donations have more than covered the fares of the two teams and captains. Fortunately the fares to Dubai and back were under \$1000, cheaper than Europe. Regrettably no Australian newspaper is covering the daily results, and we are not receiving any telexes from Dubai (apparently it is too costly). We have telephoned Dubai daily but have only received very sketchy reports. As we go to press after rd 7 Womens team Seychelles 3-0, France 0-3, Wales 1-2, Dominican Republic 12-12. Rd 5,6,7 ? MEPHISTO MUNCHEN S WORLD CHAMPION CHESS COMPUTER.

Mephisto defeated its opponents from all over the world in a resounding victory at the 5th World Micro-Computer chess championship in Amsterdam sep 1985. In the individual ratings the Mephisto Amsterdam programs attained the World Championship Title with a record result 8/8 and also took 2nd and third places. The Amsterdam program indicates a new era in computer chess. The inconceivable playing strength of the World Champion computer program, created by the World's best chess programmer, Richard Lang, is the product of a unique programming concept. This program makes an initial selection of moves from those possible but still reduces the risk of overlooking threats to an absolute minimum. In this way, it is possible to enable the computer to analyze up to 20 plys deep! The incredible computing ability of this unit is based on the use of a super-fast 16 bit micro-processor as well as an extended Random Access-Memory (4 times larger than that of previous models!) The chess openings library of the computer was expanded to over 3000 variations with approx 24,000 positions. The program can of course recognise every transposition of moves automatically. The user can program the computer with his own opening lines and can choose variations. The new Amsterdam module also offers new features such as the possibility to display the main line to a depth of 8plys, or the 2nd, 3rd and next best alternative, and much much more. Micro 68,000 (16bit), clock frequency; 12mhz. 64K byte memory, 16k byte playing memory.

THE ASIAN JUNIOR CHESS CHAMPIONSHIP MANILA PHILIPINES. 13-27TH OF JULY 1986 By Javier Gil

From round 3 White: Gil Black: Mishra (India)

1 d4 Nf6 2 c4 e6 3 Nc3 Bb4 4 e3 0-0 5 Bd3 b6 6 Nf3 Bb7 7 0-0 Bxc3 8 bc c5?!

8...Ne4 is better

9 Nd2 d6 10 f3 Nbd7 11 Rf2!

The best move in the game. If Black now continues with his blockading plan 11... m5 12 d5! followed by e4 clearly favours White, as Black has no counterplay on the queenside and White will build up a strong formation with moves such as Nfl, Ne3,g3,Ng2,Be3,f4.

11...Re8 12 e4

Black was threating 12...e5 13 d5 e4 14 Ne4? Ne4 15 Be4 Re4! of course 14 Be2 would be better.

12...Nf8

During the game, I thought 12 ... cd! 13 ed e5! was best. I intended to meet this with: 14 Bb2 ed 15 Bd4 Nc5 16 Be2 ! Nfd7 17 Nfl Ne5 18 Ne3 Rc8 19 Bfl! with the idea of Rd2, Racl, Nd5 and white has the upper hand.

13 Nf1 d5?!

Black's position was already difficult but this is obviously bad.

14 cd ed 15 e5 N3d7 16 f4 Rc8 17 Ne3 a6 IH Rf3 b5 19 Nf5 Rc6 20 Rg3!

If now 20... Rg6 21 Rg6 hg 22 Nd6

20...Ng6

If 20...g6 21 Nh6 Kg7 22 f5 or 21 Qh5

21 h4 cxd

Better 21...Kh8

22 cd Kh8 23 h5 Ne7 24 Qg4 Rg8 25 Ba3!

If Black had not played 21 ... cd, White would have now had to find a different

> WORLD JUNIOR CHAMPIONSHIP GAUSDA (NORWAY) 4-18TH AUGUST By Javier Gil

This year, the World Junior Championship was one of the strongest (if not the strongest) ever held. There were 2 GM's, 10 IM's, 4 FM's and 13 players with an ELO of over 2200 plus 20 players with a national rating over 2000.

Agdestein(Norway), Granda (Peru), Bareeu (USSR) and Hellers (Swe) were all favourites but Anand (Ind), Klinger (Ost), Barua (Ind) and Piket (Neth) were also expected to do well.

The venue was Gausdai in a winter hotel in the middle of the mountains. A wonderfull place! Unfortunately I was feeling very depressed and tired and if that wasn't enough, I didn't have a second (compare this with Piket's second GM Van Der Wiel).

The role of a second is not only to analyse adjourned games; it's to help you to recover when you lose and to give the player advice.
